- **Is the contact information different for the representative that delivers and picks up the attraction for your organization?**
If so please provide the divers information below.

Name _____ Phone _____ Email _____

Thank you for filling out the additional information about your special attraction. This information helps us understand the logistics involved around your attraction so we can plan accordingly if your group is selected. Special arrangements may need to be made for set-up on Thursday and exiting on Sunday as there are numerous vehicles and pedestrians moving around in the park. We may request that your driver waits to exit on Sunday until the majority of pedestrians and vehicles have exited the park.

On behalf of the non-profit organization applying for inclusion into the SAF&F, I have provided accurate and complete information.

Printed Name _____ Title: _____

Signature _____ Date: _____
