Dear Bush

I have just read Sam's message & letter. I find the letter is in his language, but I wrote a similar one for him and from his drew this. You will consider all my letters this and the others confidential. But it is necessary that you should be posted in all things. I have communicated the facts to Shannon. You will communicate the facts to such men as your precinct shall dictate, which you can do without saying I wrote you about the facts. Be prudent, I should not have said a word had I not seen too clearly to doubt, that this is a trick to weaken me.

Yours in haste,

S. K. Thurston.
