Dr. Sir

"Van" gives good report of the doings of the "Unterrified"--  
They (the people of Clatsop) had a meeting on Clatsop plains into which  
the Whigs would no doubt have been pleased--highly pleased to have had a  
"Say"--They were disappointed elegantly by the meeting declaring its  
complexion almost unanimously--They have passed resolutions to be sent to  
you for publication nominating John A. A. for the Leg. & Judge Lancaster  
for the Council--When it comes out please send me about a dozen extra copies  
of the "S." & oblige

Yours in truth
