Friend Bush

Your bagatelle with the Statesman was reced today. It looked d--d strange to me you could not take time to writé. Dont forget to write by the next mail to Yoncalla. What has become of "Plow boy" I sent you from Hillsborough. Poor Spec. I see the last number has been issued for my special benefit. I suppose he and brother Dryer have divided the labor, and I have fallen to the share of the former. Let him slide, harmless as an old woman. I got a letter from Parker today. He tells me that Nelson had just arrived at Salem. (yesterday) The committe would wait upon him in an hour. There was a meeting here today, about 150 persons present. Similar resolutions passed. You will get them by tomorrows mail. You made some blunders in publishing those last ones. Do better. Everybody is right here. Boise and I made speeches. Also at Salem. Pratt was not present at either. What the devil has become of that Statement in reference to the meeting in our county. Tomorrow we will start for Lane County. Go through Marysville.

I have been boarding at the old man Millers. His daughter is quite a woman. I have become well acquainted with her. Have done tolerably well upon the circuit. Mallock attended court here and tried one cause in the court. He will turned out for it, wont he? I have had the best times and more fun since I have been on the circuit that I have had for a long time.

Yours

Friends Bush.

Your bagatelle with
the States man was rec'd to day. It looked
d-d strange to me you could not take
time to write. Dont forget to write
by the next mail to Yoncaua. What has
become of "How boy" I sent you from
Willborough, Poor Spec. I see the last
number has been issued for my special
benefit. I suppose he and brother Truys
have divided the labor, and I have
fallen to the share of the former. Let
him slide, hump up as an old woman.
I got a letter from Parker to day. He
tells me that Wilson had just arrived
at Salem ^(yesterday). The committee would wait
upon him in an hour. There was a
meeting here to day, about 150 persons
present. Similar resolutions passed.
You will get them by to morrow's mail.
You made some blunders in publish-
ing those last ones. Do better. Every body
is right here. Boise and I made
speeches. Also at Salem. Pratt was
not present at either. What the devil
has become of that statement in reference
to the meeting in our country. To morrow

we will start for Sam Country
so through Marysville.

I have been boarding at the
old man Mellens. His daughter
is quite a woman. I have become
well acquainted with her. I am
done tolerably well upon the cir-
cuit. Mallock attended court here
and tried one case in the court.
He will turn out for it, wont he?
I have had the best times and more
fun since I have been on the circuit
that I have had for a long time.
