My Dear Sir,

We are just through here and go today to Lane County. The Court in this County has been largely attended, and the best of feeling prevails throughout this whole upper country. The court in Marion went off well - large attendance and much business. I was unable to write you from there, and only have time to say a word now.

Mr. Deady told me that he sent you down \$350. and he can let you have more, if necessary, say enough to make up \$500; and if you desire it you will please let him know, by letter directed to Marysville, which will reach us on our return from Umpqua, and can then be answered.

I have yet heard not a word from the proceedings of Jud. Ct. at Salem, and, perhaps may not until the next steamer comes up.

In haste,

Your Friend,

Pratt
