Dr. Bush

By this mail you will receive
the "Statesman" with that article upon the
d-d old Penitentiary - you are the strangest
fellow I ever knew - nothing practical
about you - You might have known
that I was in no condition to write - anyway
with enough upon my mind, to ~~rough down~~
bear ten ordinary men into the earth -
throw gangs of hands to work for me, beside
the care of it - I put off writing until
the last moment - expecting Colver over but
he did not come, and at last had to
do it myself - feverish and agitated, when
I could not distinguish, between a
Penitentiary and a privy - You said I
knew all about it - when I ~~came to~~ looked
at it I found I knew nothing about it
but there it is take it and stick it in your
--- I wish you would send down the
key to your trunk, my money is in it which
I need and can't get don't fail to do this
whenever opportunity - when are you coming down
Respectfully
S. M. Corbitt
