

Dear Bush,

If you can spare me, I wish you would send the New York Herald of 21st March. Also be so good as to send me the name of the Chief Justice of Washington T'y., and the state from whence appointed. Since you were here, on further reflection upon the subject it seems not unlikely that Gen. Lane concluded to have Dr. Wilcox appointed Surveyor General as was originally desired. I still hope this may be so. The strong recommendation of Gen. Palmer by others for Superintendent may have induced a change in the Gov's mind after I left him.

Yours etc
