Our House drew a Draft on Wells Fargo & Co. Salem for \$1,500- Expecting our Mr Barnhart would be in Salem in time to meet it, and I write this in case the Draft is presented befor I reach Salem. If so you will please inform the party that I will be there in a few days to meet it. I will be down in a few days so the holder of the Draft need not think strange if there is no funds in your hands to meet it. If presented before I reach Salem.

Yours very truly

W.H. Barnhart
