

At Home Nov 19th 1864

Dear Bush

I write this surrounded by quite a galaxy of notorious men who are spending the evening round my fire namely, D. B. Draman, A.C. Gibbs, Gleason, Smith, & O.C. Pratt. I arrived at home this morning from Jacksonville. There can be no doubt about the truth of Budgets correspondence. Enclosed I send you the court calender for Jackson if you care to publish them.

So far as my observations go whilst at Jackson that county prefers Lane for delegate, at least against Pratt. Pratt was there, when I see you we will have a laugh over some little incidents of his tour.

Dear Bush,

I write thus surrounded by quite a galaxy of notorious men who are spending the evening round my fire namely, D B Bannan, A C Libb, Cleason Smith, & C. Pratt. I arrived at home this morning from Jacksonville. There can be no doubt about the truth of Budget correspondence. Enclosed I send you the count calendar for Jackson if you care to publish them.

So far as my observations go whilst at Jackson that county prefers Lane for delegate, at least against Pratt. Pratt was then, when I see you we will have a laugh over some little incidents of his tour.
