Dear friend,

Since I wrote you last a change has come over the spirit of my dreams. I am going to the States with Patton. "Took the notion" last Sunday & will leave next Monday. If you and Waterman will give me each a third of a salary I will remain in Washington City during the present session of Congress and give you a correspondence weekly or semi-monthly. Wiley says he will pay his third. Write me addressed to Astoria to reach that place before the 12th proximo. If you desire this arrangement I can state a proposition as to terms & co-from Astoria to be accepted & confirmed in Washington.

No news - God help Gen. B. & such. We've just heard they have gone by the board. Respects to all friends. You shall hear from me before I go to sea.

Yours truly
