

Salem Oct. 8th, 1855.

Friend Bush,

Your note of the 27th inst was duly received. I have not seen Rickey since I received your note, but shall speak to him about your bill when he comes to town.

I see by the returns made to the Secretary's Office, of the Census of Benton County, and also published in your paper, that quite a mistake is made by the County Auditor, (whether intentional or not I cannot tell) in footing up the whole number, he has counted the number of voters over twice, as you will perceive by a glance at the returns published, he makes the whole population 2740, when in reality it is but 2195, by taking 545 from 2740, you will have 2195,—which I think you had better make the correction, as it is unjust to other counties to have as it is published. I spoke to Frank Millar about the paper you are sending to Hiram R. Schatt, in Michigan, he has receipts for the first year from you, which is about out at this time, he wishes it continued, the one you mentioned about in Linn County, he says he has no recollection of---

Nothing new transpired since I wrote you last.—the Agricultural show in this County comes on next Wednesday. I will endeavor to make out a report and send to you of the proceedings had on that day.

Yours &c

Chester N. Terry

Friend Bush,

Your note of the 27th inst was duly received. I have not seen Ricketts since I received your note, but shall speak to him about your bill when he comes to town.

I see by the returns made to the Secretary's Office, of the Census of Benton County, and also published in your paper, that quite a mistake is made by the County Auditor, (whether intentional or not I cannot tell) in footing up the whole number. He has counted the number of voters over twice, as you will perceive by a glance at the returns published. He makes the whole population 2740, when in reality it is but 2195; by taking 545, from 2740, you will have 2195; which I think you had better make the correction, as it is unjust to other counties to have as it is published.

I spoke to Frank Miller about the paper you are sending to Viranus R. Schatt, in Michigan. He has accepted for the first year from you, which is about out at this time. He wishes it continued, the one you mentioned about in Lewis County.

He says he has no recollection of
