Friend Bush,

Enclosed please find the best I can do in the shape of correspondence for this Mail. It is contrary to my habit to apologise for the want of matter in a letter. But in this case I must offer as an apology that I have only been in the city 48 hours after a very unpleasant trip from Aspinwall. If my next is not an improvement cut me off at the knees. If I had a few more days to remain in this city I could mend it a little. But we are off for the West this evening.

Will write you the 1st Dec. from Washington. God bless you.

Yours truly,

Butler P Anderson
