Dear Bush

Your letters came to hand by Judge Deady. Such lamps as you use in your office could not be had in town, if I could have found them I would have sent them by the Canumah. I told you before you left here that I would like the Commissary place if old McCarver was removed. I also told Dr. Drew the same thing. But since Drew left, I have reflected upon the matter and came to the conclusion, that I dont want it.

You may say to any who aspire to that position that I am not a candidate for that place.

Enclosed please find Alexanders order on Mulkey & Co.

Some of "us" are glad the Capitol is burned because it is to our "Intrusts." I am sorry because I regard it a Public loss, and I dont think our advantages enhanced by the loss.

Yours Truly
