Dear Bush

Enclosed please find bill against the Head of this Department in favor of Pub. of "P. C. Advocate" -- I had requested the Doctor several times to send us copies of that paper the only one he sent however was the one that contained this bill--I dont know whether the merit consisted in sending the paper or bill--if the latter it is not appreciated.

You had better examine his stock of Dry Goods when they arrive--the maybe some articles of Lady's wear that you (being a family man) may require.

I understood an "Invoice of Jewelry" received by Mils. Use---- (that unspellable name) has been made I wish a copy may be sent to me.

Yours & c
