Dear Bush

Last night we celebrated the nuptials of Mosher and Miss Winny Lane. Father Wilbur officiating. Quite a crowd in attendance, and a pleasant affair. News here that the "Injun" war south is about brought to a close. Also from Port Orford that Palmer is removed and Hedges appointed in his place. How is this?

Saw your friend "Intrusts" at Corvallis. He is a confirmed Sulk. Elder Boyakin gave me an account of "a club" you had in soak for him. Some one has told him what you said, and he is anticipating, and defending in advance. I told him that some very good men in this country had been badly disabled for less than that. Start to Scottsburg this morning. Shall spend the 4th in Scottsburg and from thence to Coos and Orford.

Your friend

Deady

Send me the Statesman of the 26th of June that number did not come to hand.
