Yours of 31st ult. was recd and I am very sorry to learn the money did not come to hand-- I had some misgivings about sending so much in one mail, but never having lost any had grown to confident.

I find also that \$20 sent to the States is lost and a small sum to Portland--stolen from the mails-- Thompson may be able to do something but I doubt it-- like looking for a "needle in a hay stack" among so many P. O's. In future I will send by hand-- generally some one going to Salem from this place once a week.

"Statutes" arrived safely am much obliged for same. Nothing new only Indian disturbances. Suppose your numerous cor'ts. at this place have given particulars.
