

Dear Bush

In the "Bustle & confusion" attendant upon the adjournment of the convention I requested Mr Grover (?) to sign the name of Stephen F. Chadwick to the constitution for me. But I fear that he may have forgotten it- if so will you remind him of it- and see that I have at last endorsed the work of so eminent a body.

I am here and can get no farther at present, on Sunday however I think I shall go on.

Yours truly

S.F. Chadwick
