Dear Bush

Your favor of 5th inst to hand contents noted,- When in Salem I did not know in exactly what condition the place was in, since then I have had a talk with Hibben and am posted, as no doubt you are,- Brown coming down here and saying that you had told him that I had said I did not want the place, give me reason to think all was not right, but at the same time I hardly thought that you were quite mean enough to say so,- If you did back out of the sale of the Statesman.

Please write a short letter of recommendation to Lane & forward to me.

Yours

Dear Rush

Your favor of 5th Inst to hand
and contents noted, - When in Salem
I did not know in exactly what
condition the place was in, since
then I have had a talk with
Hibben and am posted, as no doubt
you are, - Brown coming down here
and saying that you had told
him that I had said I did not
want the place, gave me reason
to think all was not right, but
at the same time I hardly thought
that you were quite mean enough
to say so, - If you did back out of
the sale of the Statesman, -

Please write a short letter of recom-
mendation to Lane & forward to me
