

Oregon City, Jan. 21st, 1858.

Friend Bush,

Will you do me the favor to send to the Auditor's Office of this County - these copies of my message to the Assembly that you promised me you would hunt up for me, or if you will hand them over to Terry with my request that he will place them in a package & direct them to F. F. Holland, Auditor & Clackamas County.

Yours always Sincerely,

Geo. L. Curry.

P.S. As you may not have seen the report of the Secretary of War I give you his precise language in regard to the war debt as furnished me by Lane which he has given in quotation marks.

"Congress will have to make provision for its payment, if it is intended that they shall be liquidated, of which I presume there can now be no doubt."

Something precedes this evidently on the same subject but I have not seen the report as yet.

Yours &c
