Dear Bush

Nothing of interest has transpired here during the past week Avery has been here things have all been talked over by him O'Meara & Farrar. I do not know that any of their consultations have leaked out. They are getting a little careful- there is nothing here to indicate that they are gaining ground. We are confident of carrying this County. Ross & Hersh the younger have been here a few days waiting for the Steamer. They came down breathing out threatening & vengeance against you & they have been trying to poison the minds of the Germans here in the same way- they are awfully mad about that charter business. I do not believe that they can effect much for the Germans here have seen enough to know that they have nothing to do with that charter quarrel & that it should in no way affect the action of Democrats in this County.

Ross & Hersh are going to California to be gone till May- Yeshill Allen one of the signers is here going to California to be gone till some time in the summer- We shall hear no more from him during the canvass- Farrar is gassing as usual but he is pretty well understood.

O'Meara & Dryer have a very good private understanding whatever may appear in their papers.-

Yours truly

Geo. 'H.' Williams

Dear Bush

Nothing of interest has transpired here during the past week Avery has been here & things have all been talked over by him, Allena & Farrow. I do not know that any of their consultations have leaked out - They are getting a little careful. There is nothing here to indicate that they are gaining ground. We are confident of carrying this County - Hop & Hush the granger have been here a few days waiting for the steamer. They came down venturing out threats & vengeance against you & they have been trying to poison the minds of the Germans here in the same way - They are awfully mad about that charter business - I do not believe that ^{they} can effect much for the Germans here have sense enough to know that they have nothing to do with that charter quarrel & that it should in no way affect the action of the Democrats in this County.

Hop & Hush are going to California to be gone till May - Yambell Allen one of the signers is here going to California to be gone till some time in the summer - We shall hear no more from him during the ~~season~~ campaign - Farrow is ~~going~~ as usual but he is pretty well understood - Allena & Dyer have a very good private understanding whatever may appear in their papers -

Yours truly,
Geo. H. Williams
