A Bush Esqr

Dear Sir

The Nationals of this county will meet this afternoon at 2 o'clock, there is more objections to the county ticket than there is to the State ticket. F'Vault has concluded to vote for you. I assure you that you are againing voters, and you need not at all, be surprised to get as many votes as O'Meara there are many Democrats that will not vote for or against you

So far as I have been over this county, find that the greatest objection the People have to you is for you a Publishing the three Principal letters against the War of 55. I have explained it to many, how you come to Publish them that they were written to you by Men of high Standing and that you, at the time, had no reason to dobt the authenticity of the letters, and Published as a matter or news.

the fact is the "ante Humbug" etc. was too true for many of the People of this county.

I have every reason to beleve that you will have a Majority. South of the Calapooch Mountains -- Mr. Boggs is candidate for county Judge. I find that Many of the Democrats of this county will not vote for him. I beleve that he will Get beat.

The Mail is about to close and so must I. I will write you a line again.

Yours Respectfully,

A. S. Kearney
