Dear Bush

Your letter to me and Com received and contents particularly noted,- I wish you had some of those Black Republicans candidates stuck up,- particularly McBride & Denny. I think they humbuged you What do you say about it.

You had better print and send into every county a lot of their D--d tickets anyhow, it can do no harm, and may do you individually some good, as Craig has not yet drawn off.

I have seen Dan Welch and he has promised me that he and all the other Metropolis votes should be given for you, this you can rely upon- I will I saw you. I have been around through the County and about town and find the feeling against you individually, worse than I expected, and am afraid you will get beat in the county at least 100 votes, however this will depend much upon the work done on the day of election by your friends in this city. I will and know doubt all except those on our ticket, (county) will use every effort to keep you up with the other state candidates,- McMillen will beat Starr, Shelby is all right so is Stout. I am afraid Dryer will beat Hallock-- I told Dan Welch I had received a letter from you in regard to his voting and told him I would write you that he was all right which rather pleased him- If there is any thing you want said or done let me know and I am on hand.

Yours &c
