

At Home, Aug. 1st, 1858

Mr. Bush, Will you give me space in the Statesman in which to say that I shall feel much obliged to members of the Legislative Assembly- State and Territorial- Post Masters and others, in Oregon, if they will furnish me with a judicious list of the names of persons to whom I should send public documents from Washington. These lists may be forwarded to me here or at Washington. Of course my addressing documents from Washington. These lists may be forwarded to me here or at Washington. Of course my addressing documents to our people is contingent upon the success of our application as a state;- of the success of which, however, I entertain no doubt.

It is my present purpose to leave Oregon for the Atlantic States either the first or about the middle of September proximo.

Very Respectfully,

Your Obed't Serv't.

Delazon Smith
