

At Home, Feby. 21st, 1859.

Friend Bush,

By the last mail I received a letter from Gen. Lane in which he requests me to obtain your account against him and pay it. Will you therefore have the kindness to make out the said account and hand it to Terry who will transmit to me. Upon its receipt I will make arrangements to pay it.

Please attend to this as soon as you can, as I have some means on hand just now that I may not have by and by.

I have no news to communicate, I think our admission will be very late in the session. Our delegation don't favor me with many letters. The above is the first during the session.

Yours, always Sincerely,

Geo. L. Curry.
