Dear Bush

We have received news from Josephine Jackson Douglas and Umpqua and rather think Stout is elected- now what do you think of that and every thing?

By the way your friend Vansycle was heard to say yesterday at dinner that in future all he wanted to know was how Bush was going and he would be against him, that he would vote for Nigger Francis rather than any and that Bush would support.

What in h--l is going to become of the Democratic party?

Yours truly
