

Gentlemen:

In writing the enclosed I have as much as I could suppressed my strong Republican indignation so as to say nothing that would offend the pride or mar the feelings of any Democrat who believes in the policy of free states or is a stickler for popular sovereignty.

I frankly admit its purpose is to encourage Mr. Grover to take the field for Senator in the room of Delusion, but it will not stand in his way as an independent candidate for the House, a course I should be sorry for him to take but if he does take it, I have little doubt of his success.

I prefer he should be Senator because I am satisfied from the debate in the Senate of 23d Feb. The Douglas wing of the Democracy will have no part nor lot in the nominee of the Charleston Convention.

With Logan in the House and Grover in the Senate the interests of Oregon will be well cared for.

And if his negro friends do nothing for Gen. Lane at Charleston his political demise will take place simultaneously with that of his proto types in recreancy. Ias Buchanan. P.S. Logan has forced Stout into the defense of the Kansas policy of the President and the southern interpretation of the Dred Scott decision - Doctrines very nauseating to free Democrats. Some of them cannot swallow it at all. I sincerely thank friend Mosher for the medicine. It is a powerful nostrum for clearing the mental vision of Free Democrats as to where they are to look for political allies.
