

Corvallis May 17th 1860

A Bush Esqr

Dear Sir

The note you hold against me falls due I believe tomorrow. I hope you will give me a little time on it, seeing that times are dull and money hard to collect, I will consider the interest that has accumulated on it as principal, from & after maturity, and will pay interest accordingly, when I see you I will try and shape it, so, it will be agreeable to both of us.

I think I shall be in Salem before a great while, and will call and see you. No news. I wish you would write to me soon, and let me know the day the note is due, and what you will do with me, for not paying up to time be as easy as you can, I will make it all right certain.

Yours Truly

Nat. H. Lane
