Dear Bush

Since writing the enclosed yours with sundry bills have come to hand which I will collect or at least most of them--I will find out whether there is any thing to your cr on the Humason matter--also have the amt of this placed to your cr. tomorrow--there is as I have already mentioned \$565 to your cr on our books subject to your order-- I wish you would send me that note of Shelby's at once and I will send the money to Salem or pay it out here for you at any time.
