Dear Bush

Yours of 11th 12h & 13h are before me---will write Richards to send house trap forward at once--will write you upon arrival of grads Shall try and think I may sell some of the Caspets pictures &c to Lewis. I sold the traps (building) to Lewis at cost & expenses to this place for cash---I dont think the wagon heavy enough for the northern trade When you wrote me some time since to enquire of Ladd it was R.J. I did so and he knew nothing about it. WS Ladd tells me that Painter has a discharge he does not know how much is due on it (but devellish little I guess) and he does not know when the bond if any will come---What have you done with my friend Pearne he has not turned up since the Convention have you "Morganized" him---got a letter from Stark today he says he has written Ladd to pay \$500 on a/c of that note I know of an opportunity to loan 3000 for 6 mos at 2% on good collateral. have you got it?
